Quality clothing on sale to support your neighbourhood centre

Why an Op Shop?

Our centre supports the War on Waste. Did you know that Australia is one of the most wasteful countries in the developed world?

Every year:

- **6,000 KG of clothes are thrown out every 10 minutes in Australia**
— which goes straight to landfill
- **36,000KG of clothes are thrown out every hour**
- **This could fill the MCG with clothes over two and a half times every year**
- **Three-quarters of clothing purchased is thrown out within a year**
(www.abc.net.au/ourfocus/warowaste)

Our Neighbourhood Centre, as a hub for green initiatives, has a commitment to 'doing our bit' therefore, we are accepting good quality, laundered clothing for our Upcycle Boutique.
